Course Overview

OFFICIAL AUTODESK TRAINING COURSE

AutoCAD 2010-2012

- Learning AutoCAD 3D

Description

Using hands-on exercises representing real-world, industry-specific design scenarios, users explore the fundamental concepts and workflows for creating 3D models using AutoCAD. Delegates learn about 3D conceptualisation using solid, surface, mesh models, and the recommended practices for evolving those into composite models and also the tools and concepts of free-form organic modelling are covered.

Course Information

Suggested duration:	2 days
Frequency	2 scheduled courses per month
Time:	9:30am – 4:30pm
Venue:	T2 Training Suite (private and onsite also available)
Delegate price:	£550 + vat
2+ Delegates: (max 5)	£249 + vat
Prerequisites:	Before attending this course, delegates should have knowledge of the following: <ul style="list-style-type: none">• How to create and edit basic AutoCAD objects, and work with layouts in a recent version of AutoCAD.• Microsoft® Windows® Vista or Microsoft® Windows® XP

Recommended Applicants

Designers who are familiar with **AutoCAD**, proficient in working with 2D objects, and who want to create 3D models of their designs.
